The morning began with a tour of the Lance and its beautifully refurbished interior by Lance and chief club maintenance officer Paul Wikstrom. Appreciation was expressed to Paul and to club treasurer Mark Bakko and to everyone else who has worked so hard to keep this aircraft looking pristine and functioning at a top level.

The minutes from the General Membership meeting of January 16, 2016 were approved.

New Flywell club member Don Kluk was introduced to the club.

Plane wash coordinator Rick Okada announced that the first plane wash of the summer will be on Wednesday, June 1, 2016 at 5 pm.

Chief maintenance officer, Paul Wikstrom, reported that the Lance gear unsafe light remains on when the gear is up. The plane has a new interior. ADS-B will be installed on the plane shortly.

The C182RG has had touch-up paint applied.

ADS-B will be installed in the C172.

Treasurer Mark Bakko reported that the club is still in good financial shape. The Lance engine was more expensive than expected, and a new JPI was installed. Thus the club has gotten member loans in order to install ADS-B into the aircraft at this time.

A fourth iPad will be purchased so that we have enough for each plane.

Marc Tellevik is testing the AOPA scheduler.

Fuel mats will be purchased to prevent scratches during refueling on the aircraft wings.

Volunteers are needed for Discover Aviation Days.

There was discussion of the Alternative Membership Model.

Our last Flying Club flying competition was held in 2013. There is interest in holding the event again this year.

Glider training at Osceola, Wisconsin was discussed.

The meeting was adjourned at 10:15 am.
